Aunt Minnie - It does seem
strange to write you but I
have heard so much about you
from Mother since I was a
little girl & that is 53 yrs. ago,
that when Ma asked me yesterday
when I was over to see her if I
would write you a few lines & send
this clipping I said yes for she

3
home. I have nursed in Portland
twenty yrs. until my girls were
all through school & we got our home
paid for then I thought I would
stay home & enjoy it. My girls
are all married (3) and my
husband is Conductor on the
railroad so I am alone a good
part of the time. I often listen
nights to the programs & wonder
if I will ever hear Katherine play.
Hope this new yr brings health
& prosperity to you all & do

is sick ² with this awful flu
& cold, & couldn't do bit work.
She feels pretty much alone.
Uncle Boardman & Aunt Georgia
gone but we tell her she must
live to be 100 anyway. My sister
Jessie & her husband live with
her and she has a lovely home &
my brother Lewis near with his
family. I go over to see her once
a week anyway since I stopped
working & she comes over to visit
but is more contented in her own

hope some day I may see the
Aunt Minnie that is so pretty
and smart. I have heard this
many times.

Georgia Danks Jordan.
